Our Company OMNIA Glass Ltd. is the Czech wholesalers and exporter of the famous Bohemia glass for home, hotels and other public buildings from the year 1998. The Czech glass with label “Bohemia Crystal” or “Bohemia glass” is sought after its excellence and high quality. Hundreds of years by the Czech glass are synonymous with beauty and perfect craftsmanship.

The matchless tradition issues primarily from the quality of human resources, which have formed, developed, and cultivated here for centuries, and also from the quality of available glass sands and the richness of Bohemian forests. The Bohemian glass families had significantly influenced both European technological development and artistic styles since the 17th century.

Our Company guarantees individual approach to each customer with maximum efforts to accommodate his wishes and requirements. We offer a wide assortment of the traditional Czech glass, including glassware for table as well as chandeliers and lights. We cooperate with many renowned major producers of the Czech glass. We represent some of these exclusively Czech Companies in the Middle East and Egypt.

To provide maximum satisfaction and quality to our customers we have opened our own small workshop three years ago. So, We can offer more wide possibility of glass hand-made decorating and cutting.

During Our existence, Omnia Glass has attracted the stable group of customers especially abroad. Therefore, the export remains to be our priority. We are trying to find the best response to customer's wishes and ideas in the best way suitable for both parties.

## Part 2

# Glassware for every occasion

The recent years have brought on the glass market popularity to a new type of glass. An environmentally friendly Crystallite glass melt has been used for many years to manufacture the entire range of products, as it does not contain any lead compounds and includes also titanium guaranteeing a greater resistance of the final product. This glass melt offers top-class parameters such as Czech Crystal and high lifetime, and can also be washed in a dishwasher without the risk of grey fading.
